(Coauthors: Assembly Members Acosta and Flora)

January 4, 2018

An act to add Section 1797.10 to the Health and Safety Code, relating to emergency medical services.

LEGISLATIVE COUNSEL'S DIGEST

AB 1776, as introduced, Steinorth. Emergency medical transportation: transport of police dogs.

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, establishes the Emergency Medical Services Authority, among other things, to establish training standards for Emergency Medical Technicians (EMT) at various levels, including EMT-I, EMT-II, and EMT-P. Existing law makes a firefighter, police officer or other law enforcement officer, EMT-I, EMT-II, EMT-P, or registered nurse who renders emergency medical services at the scene of an emergency or during an emergency air or ground ambulance transport only liable in civil damages for acts or omissions performed in a grossly negligent manner or acts or omissions not performed in good faith. Existing law exempts the public agency employer of the firefighter, police officer or other law enforcement officer, EMT-I, EMT-II, EMT-P, or registered nurse from civil liability if the employee is not liable.

This bill would authorize an EMT-I, EMT-II, or EMT-P to transport a police dog, as defined, injured in the line of duty to a facility that is

capable of providing veterinary medical services to the injured police dog if there is not a person requiring medical attention or medical transportation at the time the decision is made to transport the police dog. The bill would also exempt an EMT-I, EMT-II, EMT-P who provides emergency medical transportation for a police dog, or the EMT’s employer, from liability for civil damages resulting from an act or omission relating to the transport of the police dog, unless the act or omission constitutes gross negligence or is performed in bad faith.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
